TITAN MINING CORPORATION

Notes to the Condensed Consolidated Interim Financial Statements

For the three months ended March 31, 2020 and 2019

(Expressed in thousands of US dollars, unless otherwise indicated - Unaudited)

1. NATURE OF OPERATIONS AND GOING CONCERN

Titan Mining Corporation (“Titan” or the “Company”) was incorporated on October 15, 2012 under the laws of British Columbia and is a natural resources company engaged in the acquisition, exploration, development and production of mineral properties. The Company holds a 100% indirect ownership interest in the Empire State Mine in Northern New York State, United States.

The Company’s common shares are listed on the Toronto Stock Exchange and trade under the symbol “TI”. The Company’s head office is located at 555-999 Canada Place, Vancouver, BC, Canada V6C 3E1.

These condensed consolidated interim financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of operations. These condensed consolidated interim financial statements do not reflect the adjustments to carrying values of assets and liabilities that would be necessary should the going concern assumption prove to be inappropriate, and these adjustments could be material.

As at March 31, 2020, the Company had cash and cash equivalents of \$536, a working capital deficit of \$24,616, a net loss for the three months ended March 31, 2020 of \$8,365 and a deficit of \$44,854. During the three months ended March 31, 2020 the Company had cash outflows from operating activities of \$1,462 and cash outflows from investing activities of \$488. The Company received proceeds of \$1,000 under its credit arrangement from a company controlled by Titan’s Executive Chairman during the three months ended March 31, 2020.

Based on the Company’s plan for Empire State Mine’s operations and continued exploration drilling programs, and its current level of corporate overheads, the Company will require additional funding within the next twelve months. The Company has historically raised funds principally through the sale of securities and most recently, through the credit arrangement and advances from a related party. The Company expects that it will continue to obtain funding through similar or other means depending on market conditions and other relevant factors at the time. However, there can be no assurance that the Company will be able to obtain such additional funding or obtain it on acceptable terms. This material uncertainty casts significant doubt about the Company’s ability to continue as a going concern.

2. BASIS OF PRESENTATION

a) Statement of compliance

These condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard (“IAS”) 34, Interim Financial Reporting using accounting policies consistent with the International Financial Reporting Standards issued by the International Accounting Standards Board (“IFRS”). Accordingly, they do not include all the information and notes to the consolidated financial statements required by IFRS for complete financial statements and should be read in conjunction with the Company’s most recent audited consolidated financial statements.

On May 15, 2020, the Company’s Board of Directors approved these condensed consolidated interim financial statements for issuance.

b) Basis of presentation

The accounting policies used in the preparation of these financial statements are the same as those applied in the Company’s most recent audited consolidated annual financial statements for the year ended December 31, 2019.

c) Use of judgments and estimates

In preparing these condensed interim financial statements, management has made judgments and estimates that affect the application of the Company’s accounting policies and the reported amounts of assets, liabilities, income and expense. Actual amounts incurred by the Company may differ from these values.

TITAN MINING CORPORATION
Notes to the Condensed Consolidated Interim Financial Statements
For the three months ended March 31, 2020 and 2019

(Expressed in thousands of US dollars, unless otherwise indicated - Unaudited)

The significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements as at and for the year ended December 31, 2019.

COVID-19 Pandemic

During the first quarter of 2020 and subsequent to March 31, 2020, the COVID-19 pandemic has had a material impact on the global economy, the scale and duration of which remain uncertain. In March 2020, New York State Governor Cuomo issued Executive Orders requiring on site business premises workforce reductions followed by business closures for non-essential businesses. ESM took steps to reduce employee exposure to COVID-19 including, social distancing, cancellation of travel, limiting non-essential visitors and vendors, administrative staff working from home, limiting the number of personnel in meetings and shaft cages, and rearranging staff schedules such that no more than 50% of the workforce is on site at any one time. Depending on the duration and extent of the impact of COVID-19, the Pandemic could materially impact the Company's results of operations, cash flows and financial condition and could result in material impairment charges to the Company's Property, plant and mine development and Inventories.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied in these condensed consolidated interim financial statements are the same as those applied in the Company's annual audited consolidated financial statements as at and for the year ended December 31, 2019 except for:

Effective January 1, 2020, the Company determined that the infrastructure at Empire State Mines was operating as intended. As such, revenues and final settlement adjustments generated from zinc concentrate sales and costs attributable to producing concentrates during the three months ended March 31, 2020 are no longer being capitalized to mineral property, plant and equipment as in prior periods and are being recognized in the Company's Consolidated Statement of Loss and Other Comprehensive Loss.

Effective April 1, 2018, the Company determined that certain mineral property, plant and equipment were operating as management intended and, as such, the Company began to depreciate these assets over their estimated useful lives. These assets were used in the commissioning of the #4 mine and, as such, the depreciation expense associated with these assets was capitalized to construction in progress. Effective January 1, 2020, the Company determined that the infrastructure at Empire State Mines was operating as intended. As such, assets and depreciation previously capitalized to construction in progress was reclassified to plant and equipment. The Company began depreciating these assets and expensing them to cost of sales over their estimated useful lives during the three months ended March 31, 2020.

8. DEBT

a) Bank indebtedness

On January 21, 2019, the Company and the Bank of Nova Scotia (“Lender”) amended the \$15,000 secured credit agreement (the “Credit Facility”) whereby a maximum of \$10,000 (the “Available Credit”) was available to the Company on a revolving basis. Prior to March 31, 2019, the Lender was permitted to reduce the maximum amount available to \$6,000, subject to the business and financial plan provided by the Company. The interest rate on the Available Credit is either LIBOR plus 4.25% or the Lender’s base rate plus 3.25%, and the standby fee is 0.8% of the unadvanced portion of the Credit Facility. If the amount available is reduced to \$6,000, the interest rate changes to LIBOR plus 2.25% or the Lender’s base rate plus 1.25%, and the standby fee is 0.5625% of the unadvanced portion of the Credit Facility. A \$6,000 guarantee was provided by a company controlled by Titan’s Executive Chairman.

On May 31, 2019, the Company and the Lender further amended the Credit Facility whereby the Available Credit limit continues as \$10,000 and the maturity date was extended to April 3, 2021. The interest rate on the Available Credit was changed to LIBOR plus 2.25% or the Lender’s base rate plus 1.25%. In addition, the financial covenant requirement on the Credit Facility was removed.

In connection with the amendment, a \$10,000 guarantee has been provided by a company controlled by Titan’s Executive Chairman (the “Guarantor”), replacing the original \$6,000 guarantee. In consideration for the guarantee, the Company issued 3,000,000 common shares with a fair value of \$979 and 3,000,000 share purchase warrants with each warrant exercisable for one common share at price of \$0.50 per share for a period of five years from the date of issuance with a fair value of \$543 at the guarantee effective date for a total fair value of \$1,522 recorded as borrowing costs. Such common shares and share purchase warrants were issued on June 14, 2019. The fair market values on the issuance date were \$919 and \$493, respectively. The difference of \$110 was recorded as a gain on derivative liability during the year ended December 31, 2019.

As a result of the amendment, the Company extinguished the face value of the loan prior to the amendment and recorded the fair value of the new loan as at May 31, 2019. A \$1,702 loss on the extinguishment of debt was recorded during the year ended December 31, 2019.

As at March 31, 2020, the Available Credit was fully drawn and the carrying value was as follows:

	Principal	Interest and borrowing costs	Total

9. RELATED PARTY TRANSACTIONS

a) Loan from related party

On November 30, 2018, the Company entered a credit agreement with a company controlled by Titan's Executive Chairman, to establish a \$18,710 subordinate general security credit facility ("Loan"). The initial advance of \$3,710 bears interest at 8% per annum and advances on the subsequent \$15,000 bear interest at a floating rate equal to 7% plus the greater of (i) LIBOR and (ii) 1%, per annum. Interest is payable in cash or shares of the Company. The Loan matures on November 30, 2020, but is subject to mandatory prepayment if the Company closes one or more financings that exceeds \$30,000 in the aggregate or upon the occurrence of a change of control of the Company. The Loan is a non-revolving facility, and any repayment under the Loan shall not be re-borrowed. The Company is subject to certain general covenants with respect to the Loan.

Pursuant to the Loan, the Company was required to issue the related party 2,500,000 warrants. Each warrant entitles the holder to acquire one common share at a price of C\$1.40 per share.

On January 21, 2019, the Company issued 2,500,000 warrants to a company controlled by Titan's Executive Chairman pursuant to the credit agreement. The fair market value of these warrants was \$1,099 as at December 31, 2018 and was recorded as a warrant derivative liability and borrowing costs. The fair market value on the issuance date on January 21, 2019 was \$1,028. The difference between December 31, 2018 and the issuance date was recorded as a gain on derivative liability of \$71 during the year ended December 31, 2019.

On August 21, 2019, the Company entered an addendum to its Loan which made an additional \$1,000 available to the Company under the same terms as the original agreement. As such, the Loan was increased to a total of \$19,710.

10. REVENUE

	Three months ended March 31,	
	2020	2019
Zinc concentrate sales	\$ 10,048	\$ -
Zinc concentrate provisional pricing adjustments	(1,456)	2,797
Smelting and refining charges	(2,812)	-
Revenue, net	\$ 5,780	\$ 2,797

Effective January 1, 2020, the Company determined that the infrastructure at Empire State Mines was operating as intended. As such, revenues and final settlement adjustments generated from zinc concentrate sales during the three months ended March 31, 2020 are no longer being capitalized to mineral property, plant and equipment as in prior periods and are being recognized in the Company's Consolidated Statement of Loss and Other Comprehensive Loss. Zinc concentrate provisional pricing adjustments consist of provisional and final pricing adjustments made prior to the finalization of the sales contract. Final settlement adjustments, which were capitalized as pre-commercial revenues for the three months ended March 31, 2019, were (\$1,170).

11. CONTINGENCIES

- a) On December 30, 2016, pursuant to an agreement between the Company Titan Mining (US) Corporation (a wholly owned US subsidiary of the Company), Star Mountain Resources, Inc., Northern Zinc, LLC, and certain other parties (the "Purchase Agreement"), Titan (US) Corporation acquired from Northern Zinc 100% of the issued and outstanding shares of Balmat Holdings Corp. and its wholly owned subsidiary, St. Lawrence Zinc Company, LLC, which owned the Empire State Mine.

On or about March 12, 2018, the Company received a letter from legal counsel to SGS Acquisition Company Limited ("SGS") dated March 9, 2018. The letter states that in 2016 SGS filed an action in the US District Court for the District of Colorado against certain parties including Star Mountain. The Company is not a named party in that case. SGS alleges the Company (a) has obligations to SGS under mutual indemnification provisions to Star Mountain for the breach of any representations, warranties or breaches of covenants under the Purchase Agreement and (b) failed to conduct its due diligence in connection with the Purchase Agreement, which allegedly interfered with SGS's ability to recover from Star Mountain. SGS is not a party to the Purchase Agreement. SGS states that "the net economic benefits lost to SGS resulting from Star Mountain's acts, and by extension, the Company, amount to approximately \$28,300." The Company believes these claims are wholly without merit.

- b) The acquisition obligation owing to Star Mountain remains outstanding pending, among other things, the outcome of a claim brought against Star Mountain by Aviano Financial Group LLC ("Aviano"). The Company received notice on October 10, 2017 that Aviano, a creditor of Star Mountain, intended to amend a pre-existing action initially filed in February 2017 in Colorado against Star Mountain to collect debts owing by Star Mountain to Aviano aggregating approximately \$800. The amended action of Aviano against Star Mountain was filed in the state of Colorado on October 12, 2017, adding claims for damages and a claim to set aside the alleged conveyance of Empire State Mine by Star Mountain to the Company alleging that it was a fraudulent conveyance. In addition, the Aviano notice stated that it intends to file an analogous action in New York alleging fraudulent conveyance, naming Star Mountain and the Company as defendants. While subsequent claims were filed by Aviano against Star Mountain, as of the date hereof, no litigation has been commenced by Aviano against the Company. The Company believes that the claim of fraudulent conveyance alleged by Aviano is wholly without merit and will defend against any action by Aviano if and when commenced.

On or about February 21, 2018, Star Mountain filed a voluntary petition commencing a Chapter 11 bankruptcy in the United States Bankruptcy Court for the District of Arizona. The filing of the bankruptcy case stayed the SGS and Aviano litigation against Star Mountain. The bankruptcy court has confirmed a Chapter 11 plan of liquidation in the bankruptcy proceedings, which went effective on July 8, 2019. The Chapter 11 plan provides for the appointment of a Plan Trustee to liquidate all of the remaining assets owned by Star Mountain, including causes of action owned by Star Mountain. The Chapter 11 plan indicates that the Plan Trustee will investigate, and may pursue, potential fraudulent conveyance claims against the Company. In August of 2019, the Plan Trustee sent a written demand to the Company to perform what the Plan Trustee asserts are the Company's remaining monetary obligations under the Purchase Agreement.

On November 19, 2019, the Plan Trustee filed a Complaint against the Company, Titan (US) Corporation, and certain former officers and directors of Star Mountain with the Arizona bankruptcy court, and on February 21, 2020 (in response to a motion to dismiss filed by the Company and Titan (US) Corporation) the Plan Trustee filed an Amended Complaint. In his Amended Complaint, and as to the Company and Titan (US) Corporation, the Plan Trustee asserts: (a) a claim that the transaction under the Purchase Agreement should be avoided as a fraudulent conveyance under federal bankruptcy and state law; and (b) as purported alternative claims, that the Company and Titan (US) Corporation have breached their remaining payment obligations to Star Mountain related to the Purchase Agreement. The Company and Titan (US) Corporation believe that the Plan Trustee's claims are wholly without merit, and they will continue to aggressively defend against the claims.

The Company believes that the potential claim of fraudulent conveyance alleged by Aviano, and all of the claims asserted by the Plan Trustee against the Company and Titan (US) are wholly without merit. Irrespective of the merits of any such claims, however, if a fraudulent conveyance claim is resolved adversely against the Company, this could materially adversely affect the Company by terminating its interest in Empire State Mine or by potentially resulting in a significant damage claim. Such a result would have a significant negative impact on the Company and could have a material effect on these financial statements.

- c) During 2018, disputes arose between Dumas Contracting USA Inc. and related parties (collectively, "Dumas") and the Company in relation to various matters concerning or relating to the Amended and Restated Empire State Mine Rehabilitation and Contract Mining Project Contract dated August 16, 2018 ("Contract"), certain equipment and equipment leases and performance guarantees provided by Dumas and the Company. Dumas, as claimant, served a Claimant's Notice of Arbitration/Notice of Request to Arbitrate on the Company ("Arbitral Proceedings"); and filed with the Clerk of St. Lawrence County, New York a Notice of Mechanic's Lien dated November 20, 2018 against the premises ("Lien Proceedings"). Dumas, as plaintiff, commenced legal proceedings against the Company ("Legal Proceedings"); and Dumas, as lienor, filed with the Clerk of St. Lawrence County, New York a Notice of Mechanic's Lien dated November 20, 2018 against the premises ("Dumas Lien Proceedings").

On January 11, 2019, the Company entered into a settlement agreement with Dumas which was subsequently amended on March 26, 2019 setting out a revised payment schedule and increased the interest rate from prime base rate for Canadian dollar commercial loans plus 2% to 12%.

Upon payment of the first instalment, the Arbitral Proceedings were dismissed and title in the four pieces of equipment were transferred to the Company. Upon payment of the entire settlement sum and accrued interest, the Lien Proceedings and Dumas Lien Proceedings will be dismissed. Upon payment of the entire settlement sum and accrued interest, as well as the demobilization and return of a bolter to Dumas, the Legal Proceedings will be dismissed. The bolter was returned to Dumas on October 16, 2019.

On October 22, 2019, Dumas filed an Extension of Notice of Mechanic's Lien with the Clerk of St. Lawrence County, New York. and on October 30, 2019, filed a Statement of Claim in the Ontario Superior Court of Justice for the balance of outstanding accounts payable plus accrued interest. On December 5, 2019 the Company

filed a Statement of Defense after denying certain allegations in the claim. The Company recorded such liabilities as at March 31, 2020 and believes this lawsuit will not have a material impact on its financial position or results of operations.

12. FINANCIAL INSTRUMENTS

Set out below is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those whose carrying amounts are a reasonable approximation of fair value:

	March 31, 2020		December 31, 2019	
	Carrying amount	Fair value	Carrying amount	Fair value
Financial liabilities				
Lease liabilities	\$ 284	\$ 368	\$ 417	\$ 483
Bank indebtedness	\$ 10,206	\$ 10,153	\$ 10,161	\$ 10,155
Equipment loans	\$ 288	\$ 232	\$ 41	\$ 32
Loan from related party	\$ 22,734	\$ 21,006	\$ 21,093	\$ 21,429

Management assessed that the fair values of cash and cash equivalents, other receivables, and accounts payable approximate their carrying amounts due to the short-term maturities of these instruments, and the fair value of acquisition obligations approximate their carrying value as they are non-interest bearing. Trade receivables subject to provisional pricing are already carried at fair value.

Fair values of the Company's lease liabilities, bank indebtedness, equipment loans, and loan from related-party are determined by using discounted cash flow models that use discount rates that reflect the issuer's borrowing rate as at the end of the reporting period.

The fair value hierarchy establishes three levels to classify the inputs to valuation techniques used to measure fair value.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 inputs are quoted prices in markets that are not active, quoted prices for similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability (interest rate, yield curves), or inputs that are derived principally from or corroborated observable market data or other means.

Level 3 inputs are unobservable (supported by little or no market activity). The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs.

All financial instruments measured at fair value use Level 2 valuation techniques.

There have been no transfers between fair value levels during the reporting period.

13. SEGMENTED INFORMATION

The Company operates one reportable segment, the Empire State Mine. The Company's non-current assets located in the United States total \$73,075 and those located in Canada total \$201.

15. SUBSEQUENT EVENT

On April 21, 2020, the Company's wholly owned subsidiary Empire State Mines, LLC applied for and received a loan totaling \$2,409 under the U.S. Small Business Administration Paycheck Protection Program. The use of the proceeds is to assist U.S. small businesses during the COVID-19 pandemic in an effort to keep employees on the payroll and to contribute to utilities, rent and mortgage costs. The loan has a maturity of two years and an interest rate of 1%. The loan will be fully forgiven if the funds are used for payroll and utilities costs if at least 75% of the forgiven amount is used for payroll and full time equivalent employees remain on payroll during the eight week period following the receipt of the funds. Loan payments will also be deferred for six months. No collateral or personal guarantees are required.
