

MANAGEMENT INFORMATION CIRCULAR

INFORMATION PROVIDED AS AT MAY 14, 2019 (*unless otherwise stated*)
FOR THE ANNUAL GENERAL MEETING OF SHAREHOLDERS
TO BE HELD ON JUNE 26, 2019

PERSONS MAKING THE SOLICITATION

This Management Information Circular (the “Circular”) is being furnished in connection with the solicitation of proxies being made by or on behalf of the management of Titan Mining Corporation (the “Corporation” or “Titan Mining”) for use at the annual general meeting (the “Meeting”) of holders (the “Shareholders”) of the common shares of the Corporation (the “Common Shares”) to be held on Wednesday, June 26, 2019 at the time and place and for the purposes set forth in the accompanying notice of meeting (the “Notice of Meeting”).

While it is expected that the solicitation of proxies will be made primarily by mail, proxies may also be solicited personally, by telephone or other means of communication by the directors, officers, employees and agents of the Corporation. All costs of this solicitation will be borne by the Corporation.

The Corporation is sending paper copies of the Notice of Meeting, this Circular and the form of proxy or voting instruction form (collectively, the “**Meeting Materials**”) to registered and non-registered Shareholders and is not relying on the “notice-and-access” provisions of Canadian securities laws. The Corporation intends to reimburse any intermediaries for permitted fees and costs incurred by them in connection with the mailing of the Meeting Materials to beneficial Shareholders.

Unless otherwise indicated, all dollar amounts in this Circular are in United States dollars. The exchange rate of Canadian dollars into United States dollars based upon the exchange rate reported by the Bank of Canada on December 31, 2018, was C\$1.00 = US\$0.7330.

APPOINTMENT OF PROXIES

The individuals named as proxyholders in the accompanying form of proxy are directors or officers of the Corporation or both. **A REGISTERED SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO ATTEND AND ACT FOR THE SHAREHOLDER OR ON THE SHAREHOLDER’S BEHALF AT THE MEETING, OR ANY ADJOURNMENT OR POSTPONEMENT THEREOF, HAS THE RIGHT TO DO SO, BY INSERTING THE DESIRED PERSON’S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY OR BY COMPLETING ANOTHER VALID FORM OF PROXY. A proxy will not be valid unless the completed form of proxy is received by Computershare Investor Services Inc. (the “Transfer Agent”), at the following address: Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting or any adjournment or postponement thereof. Late proxies may be accepted or rejected by the Chair of the Meeting at their discretion, and the Chair is under no obligation to accept or reject any particular late proxy.**

NON-REGISTERED SHAREHOLDERS

Only registered Shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most Shareholders are “non-registered” Shareholders because the Common Shares they own are not registered in their names but are instead registered in the names of a brokerage firm, bank or other intermediary or in the name of a clearing agency. Shareholders who do not hold their Common Shares in their own name (referred to herein as “beneficial Shareholders”) should note that only registered Shareholders (or duly appointed proxyholders) may complete a proxy or vote at the Meeting in person. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in such Shareholder’s name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the Shareholder’s broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which company acts as nominee for many Canadian brokerage firms). Common Shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted (for or against resolutions) at the direction of the beneficial Shareholders. Without specific instructions, brokers and their agents and nominees are prohibited from voting Common Shares for their clients.

The Meeting Materials are being sent to both registered Shareholders and beneficial Shareholders. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own (“**Objecting Beneficial Owners**”, or “**OBOs**”) and those who do not object to their identity being made known to the issuers of the securities they own (“**Non-Objecting Beneficial Owners**”, or “**NOBOs**”). Subject to the provision of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of Reporting Issuers* (“**NI 54-101**”), issuers may request and obtain a list of their NOBOs from intermediaries via their transfer agents and use this NOBO list for distribution of proxy-related materials directly to NOBOs.

The Corporation is taking advantage of the provisions of NI 54-101 to send the Meeting Materials directly to the Corporation’s NOBOs who have not waived the right to receive them. As a result, NOBOs can expect to receive a voting instruction form (a “**VIF**”) as part of the Meeting Materials. These VIFs are to be completed and returned to the Transfer Agent in the envelope provided. By choosing to send these materials directly to NOBOs, the Corporation (and not the intermediary holding on behalf of the NOBOs) has assumed responsibility for (i) delivering these materials to the NOBOs, and (ii) executing proper voting instructions. **NOBOs should carefully follow the instructions provided, including those regarding when and where to return the completed VIFs to the Transfer Agent.**

Should a NOBO wish to attend the Meeting in person and vote its Common Shares, the NOBO must insert its name (or the name of such other person as the NOBO wishes to attend the Meeting and vote on the NOBO’s behalf) in the blank space provided for that purpose on the VIF and return the completed VIF to the Transfer Agent. Alternatively, the NOBO can submit to the Corporation or the Transfer Agent a written request that the NOBO or its nominee be appointed as proxyholder. In such circumstances, with respect to proxies held by management of the Corporation in respect of Common Shares owned by the NOBO so requesting, the Corporation must arrange, without expense to the NOBO, to appoint the NOBO or its nominee as a proxyholder in respect of those Common Shares. Under NI 54-101, if the Corporation appoints a NOBO or its nominee as a proxyholder as aforesaid, the NOBO or its nominee, as applicable, must be given the authority to attend, vote and otherwise act for and on behalf of management in respect of all matters that may come before the Meeting and any adjournment or postponement thereof, unless applicable corporate laws do not permit the giving of that authority. Pursuant to NI 54-101, if the Corporation appoints a NOBO or its nominee as proxyholder as aforesaid, the Corporation must deposit the proxy within the timeframe specified above for the deposit of proxies

if the Corporation obtains the instructions at least one (1) business day before the termination of that time. **If a NOBO or its nominee is approved as a proxyholder pursuant to such request, the appointed proxyholder will need to attend the Meeting in person in order for their votes to be counted.**

NOBOs that wish to change their vote must contact the Transfer Agent to arrange to change their vote in sufficient time in advance of the Meeting.

In accordance with the requirements of NI 54-101, we have distributed copies of the Meeting Materials to the clearing agencies and intermediaries for onward distribution to OBOs. Intermediaries are required to forward the Meeting Materials to OBOs unless the OBO has waived the right to receive them. Very often, intermediaries will use service companies such as Broadridge Investor Communications Solutions, Canada and its counterpart in the United States to forward the Meeting Materials to OBOs. With those Meeting Materials, intermediaries or their service companies should provide OBOs of Common Shares with a request for a VIF which, when properly completed and signed by such OBO and returned to the intermediary or its service company, will constitute voting instructions which the intermediary must follow. The purpose of this procedure is to permit OBOs to direct the voting of the Common Shares that they beneficially own. The Corporation will pay for intermediaries to deliver the Meeting Materials and request for a VIF to OBOs. **OBOs should carefully follow the instructions of their intermediary, including those regarding when and where the completed request for voting instructions is to be delivered.**

Should an OBO wish to attend the Meeting in person and vote its Common Shares, the OBO must insert its name (or the name of such other person as the OBO wishes to attend the Meeting and vote on the OBO's behalf) in the blank space provided for that purpose on the request for a VIF and return the completed request for a VIF to the intermediary or its service provider. Alternatively, the OBO can submit to the applicable intermediary a written request that the OBO or its nominee be appointed as proxyholder. In such circumstances, an intermediary who is the registered holder of, or holds a proxy in respect of, the Common Shares owned by an OBO is required under NI 54-101 to arrange, without expense to the OBO, to appoint the OBO or its nominee as a proxyholder in respect of those Common Shares. Under NI 54-101, if an intermediary appoints an OBO or its nominee as a proxyholder as aforesaid, the OBO or its nominee, as applicable, must be given the authority to attend, vote and otherwise act for and on behalf of the intermediary, in respect of all matters that may come before the Meeting and any adjournment or postponement thereof, unless applicable corporate laws do not permit the giving of that authority. Pursuant to NI 54-101, an intermediary who appoints an OBO or its nominee as proxyholder as aforesaid is required to deposit the proxy within the timeframe specified above for the deposit of proxies if the intermediary obtains the instructions at least one (1) business day before the termination of that time. **If the OBO or its nominee is appointed a proxyholder pursuant to such request, the appointed proxyholder will need to attend the Meeting in person in order for their votes to be counted.**

Only registered Shareholders have the right to revoke a proxy. NOBOs and OBOs of Common Shares who wish to change their vote must, sufficiently in advance of the Meeting, arrange for their respective intermediaries to change their vote and, if necessary, revoke their proxy in accordance with the revocation procedures set out below.

All references to Shareholders in this Circular and the other Meeting Materials are to registered Shareholders unless specifically stated otherwise.

REVOCATION OF PROXIES

A Shareholder who has delivered a proxy for use at the Meeting may revoke it by an instrument in writing executed by the Shareholder or by the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered either (i) to the registered office of the Corporation, at Suite 2600, 595 Burrard Street, Vancouver, British Columbia V7X 1L3, at any time up to and including the last business day preceding the day of the Meeting or any adjournment or postponement thereof, (ii) to the Transfer Agent at 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1 (attention Proxy Department), at any time up to and including the last business day preceding the day of the Meeting or any adjournment or postponement thereof, or (iii) to the Chair of the Meeting on the day of the Meeting or any adjournment or postponement thereof. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

VOTING OF PROXIES

The Common Shares represented by a properly executed proxy in favour of the individuals designated as management proxyholders in the enclosed form of proxy will:

- a. be voted or withheld from voting in accordance with the instructions of the person appointing the management proxyholder on any ballot that may be called for; and
- b. where a choice with respect to any matter to be acted upon has been specified in the form of proxy, be voted in accordance with the specification made in such proxy.

If, however, direction is not given in respect of any matter, the proxy will be voted as recommended by management of the Corporation.

The enclosed form of proxy, when properly completed and delivered and not revoked, confers discretionary authority upon the individuals appointed as management proxyholder thereunder to vote with respect to amendments or variations of matters identified in the Notice of the Meeting, and in respect of other matters which may properly come before the Meeting. In the event that amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the individuals designated by management as proxyholders in the enclosed form of proxy to vote in accordance with their best judgment on such matters or business. At the time of the printing of this Circular, management of the Corporation knows of no such amendment, variation or other matter which may be presented to the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The board of directors of the Corporation (the "**Board of Directors**" or the "**Board**") has fixed a record date as of the close of business on May 14, 2019 (the "**Record Date**") for the purpose of determining the Shareholders of record that will be entitled to receive notice of and to vote at the Meeting or any adjournment or postponement thereof.

Only registered Shareholders at the close of business on the Record Date who either personally attend the Meeting or

who have completed and delivered a form of proxy in the manner and subject to the provisions described above shall be entitled to vote or to have their Common Shares voted at the Meeting.

To the knowledge of the directors and executive officers of the Corporation, no person or company beneficially owns, controls or directs, directly or indirectly, 10% or more of the voting rights attached to any class of voting securities of the Corporation as of the Record Date, other than the following:

CORPORATE CEASE TRADE ORDERS OR BANKRUPTCIES

At the year ended December 31, 2018, except for as provided below, no proposed director of the Corporation is, as at the date of this Circular, or was within 10 years before the date of this Circular, a director, chief executive officer or chief financial officer of any company (including the Corporation), that (i) was subject to a cease trade or similar order or an order that denied such company access to any exemption under securities legislation (that was in effect for a period of more than 30 days) that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer, or (ii) was subject to any such order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer:

Mr. Boggio was a director of Great Western Minerals Group Ltd. (“**GWMG**”) from January

2013 until his resignation together with all the then current directors in July 2015. On April 30, 2015 GWMG announced that a support agreement was entered into with the holders of a majority of GWMG's secured convertible bonds and GWMG was granted protection from its creditors under the Companies Creditors Arrangements Act upon receiving an initial order from the Court. On May 11, 2015, an order was issued by the Financial and Consumers Affairs Authority of the Province of Saskatchewan that all trading in the securities of GWMG be ceased due to its failure to file financial statements for the year ended December 31, 2014. In December, 2015 GWMG entered bankruptcy proceedings.

No proposed director of the Corporation is or has within the 10 years before the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Penalties or Sanctions

No proposed director of the Corporation has been subject to (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement, with a securities regulatory authority, or (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

APPOINTMENT OF AUDITORS

Unless such authority is withheld, the persons named in the accompanying proxy intend to vote to re-elect Ernst & Young, LLP, Chartered Professional Accountants, as auditor of the Corporation and to authorize the directors to fix their remuneration. Ernst & Young, LLP were first appointed auditors of the Corporation on January 31, 2017.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following information describes the significant elements of compensation paid to the Corporation's Chief Executive Officer ("CEO"), Chief Financial Officer ("CFO") and the three most highly compensated executive officers, other than the CEO and CFO who were serving as executive officers during the most recent fiscal year (the "Named Executive Officer(s)" or "NEO(s)"), provided that disclosure is not required for an executive officer whose total compensation, as defined, does not exceed C\$150,000. For the year ended December 31, 2018, the Corporation's NEOs were: Richard W. Warke – Executive Chairman, Michael McClelland – CFO (effective March 26, 2018), Paul Ireland – Interim CFO (to March 26, 2018), Donald Taylor – CEO (effective September 17, 2018), Keith Boyle – Chief Operating Officer (to September 5, 2018), Jerrold Annett – Senior Vice President, Corporate Development and Eric Strom – Vice President, Projects and Innovation.

The Board has established a Compensation Committee whose mandate is to develop and recommend compensation policies and programs to the Board with the objective of ensuring the Corporation is able to attract, retain and motivate executives and key personnel to develop and implement the Corporation's strategic goals. For the year ended December 31, 2018, the Compensation Committee was comprised of Purni Parikh (Chair), Lenard Boggio and Gregory Clark. On October 6, 2018 the Compensation Committee was reconstituted with the following independent directors as its members: William Mulrow (Chair), Lenard Boggio and George Pataki. Members of the Compensation Committee have direct

experience in executive compensation matters as directors of other companies, which experience assists in evaluating the suitability of the Corporation's compensation practices and policies.

In consultation with the President and the CEO, the Compensation Committee reviews and recommends, as required on an annual basis, the process, evaluation and determination of the various elements of compensation for the Corporation's executive officers. The Corporation is dependent on individuals with specialized skills and knowledge related to mining exploration and development of mineral prospects, corporate finance and management. The objective of the Compensation Committee is to assist in attracting, retaining and motivating executives and key personnel with these skills and in view of the Corporation's goals. In reviewing the compensation arrangements of the Corporation's executive officers, the Compensation Committee will consider the fairness to Shareholders and investors, the Corporation's requirements and market competitiveness in order to attract and retain capable and experienced personnel, reward performance and such other objectives as the Compensation Committee considers advisable.

The Compensation Committee has the authority to engage independent consultants as necessary to assist it in performing its mandate including assessing the competitiveness of the Corporation's compensation program.

Elements of Compensation

Compensation for the Corporation's executive officers is comprised of three elements: base salary, discretionary bonus ("**STIP**") and a mid-to-long term incentive program ("**LTIP**") comprised of incentive stock options ("**Options**") granted pursuant to the Corporation's Stock Option Plan dated June 1, 2017 (the "**Option Plan**") and, restricted share units ("**RSU(s)**") granted pursuant to the Restricted Share Units Plan dated May 11, 2018 (the "**RSU Plan**"). This compensation structure is intended to reward performance and be competitive with the compensation arrangements of other companies of similar size and scope in the industry. To the date of this Circular no RSUs have been granted.

Base Salary

Base salary for the Corporation's executive officers is established taking into account each executive's responsibilities, performance assessment and career experience. To ensure that the Corporation will continue to attract and retain qualified and experienced executives, base salaries may be reviewed annually by the Compensation Committee and adjusted to ensure that they remain competitive.

Bonus (STIP)

The STIP is intended to motivate and reward executives for the achievement of short-term goals and their contribution to the business objectives during the relevant year. The amount of bonus payments under the STIP is at the discretion of the Compensation Committee and ultimately the Board. The Compensation Committee reviews and recommends bonus payments based on a combination of individual and corporate performance against a target percentage of the executive's salary as approved by the Board. Elements of STIP (and achievement of "target" performance) are based on objectives that are set annually and may include personal, operational and corporate objectives. Compared to other executives, the compensation of the CEO is weighted more against the Corporation's performance

The table below sets forth the percentage of each NEO's base salary that would be paid as a STIP payment assuming full achievement of the target objectives for the recently completed financial year.

Position in Organization	STIP Payout as Percentage of Base Salary on Meeting Target Performance
Richard Warke Executive Chairman	60%
Michael McClelland CFO	50%
Donald Taylor CEO	60%
Jerrold Annett Senior Vice President, Corporate Development	60%
Eric Strom Vice President, Projects and Innovation	35%

Long Term Incentive Compensation (LTIP) – Stock Options and Restricted Share Units

The Corporation's LTIP is currently comprised of Option grants pursuant to its Option Plan and RSUs pursuant to the RSU Plan (collectively the "Plans"). The purpose of the Plans is to secure for the Corporation and the Shareholders the benefits of the incentives inherent to common share ownership by officers, directors and other eligible persons who, in the judgment of the Board, will have a sufficient role in the Corporation's growth and success.

Options and RSUs if granted, are generally granted during the first quarter of the year following review of the prior year. The timing of the grant, and number of Options or RSUs proposed to be granted by the Corporation to its executive officers and directors is proposed by the CEO, reviewed and recommended (or revised, if thought appropriate) by the Compensation Committee, and ultimately approved by the Board. Consideration in determining grants is given to, amongst other things, the total number of convertible securities outstanding, current and future expected contribution to the advancement of corporate objectives by such individual, the position of the individual, tenure, and the status of previous grants to such individuals. No specific weightings are assigned to each factor; instead a subjective determination is made based on an assessment of the individual relative to such factors. Convertible securities also comprise a portion of the compensation package offered to attract and retain new directors and executive officers to the Corporation. Options granted by the Board are priced at the closing price of the Common Shares on the TSX on the last trading day prior to the date of the grant in accordance with the Option Plan. Refer to the column entitled "Option-Based Awards" in the Summary Compensation Table for further details with respect to stock options awarded to NEOs during the most recently completed financial year.

Stock Option Plan

The Board adopted the Option Plan on June 1, 2017 and was ratified and approved by the Shareholders on June 21, 2018. Pursuant to the policies of the TSX, all unallocated options, rights or other entitlements under a security-based compensation arrangement that do not have a fixed maximum number of securities issuable must be approved by the listed issuer's securityholders every three years after the institution of such compensation arrangement.

The summary of the Option Plan set out below is intended to be a brief description and is subject to and qualified in its entirety by the full text of the Option Plan. Capitalized terms used in the following section "Summary of the Option Plan" but not otherwise defined in this Circular have the meanings given to

them in the Option Plan.

Summary of the Option Plan

The purpose of the Option Plan is to secure for the Corporation and the shareholders the benefits of the incentives inherent to Common Share ownership by officers, directors and other eligible persons who, in the judgment of the Board, will have a sufficient role in the Corporation's growth and success.

Directors, officers and employees of, and consultants to, the Corporation or any of its subsidiaries, as well as employees of companies providing management services or support to the Corporation or any of its subsidiaries (each, an "**Eligible Person**"), are eligible to receive Option grants under the Option Plan. The Option Plan includes the following significant terms and restrictions:

- The aggregate number of Common Shares that may be reserved for issuance pursuant to the Option Plan and all other Share Compensation Arrangements may not exceed 10% of the number of Common Shares issued and outstanding from time to time. Of this number, a maximum of 10% Common Shares may be granted as Incentive Stock Options.
- Any Common Shares subject to an Option that expires or terminates without having been fully exercised may be made the subject of a further Option.
- Upon the partial or full exercise of an Option, the Common Shares issued upon such exercise will automatically become available to be made the subject of a new Option, provided that the total number of Common Shares reserved for issuance under the Option Plan does not exceed 10% of the number of Common Shares then issued and outstanding.
- The aggregate number of Common Shares reserved for issuance pursuant to the Option Plan or any other Share Compensation Arrangement to any one Participant may not exceed 5% of the number of Common Shares issued and outstanding at any time.
- The aggregate number of Common Shares issuable pursuant to the Option Plan or any other Share Compensation Arrangement to Insiders may not exceed 10% of the number of Common Shares issued and outstanding at any time.
- The aggregate number of Common Shares issued to Insiders pursuant to the Option Plan or any other Share Compensation Arrangement in any one-year period may not exceed 10% of the number of Common Shares then issued and outstanding.

Subject to the terms of the Option Plan, the Exercise Price for each Common Share subject to an Option will be determined by the Board at the time of the Option grant, and may not be lower than the last closing price of a common share on the TSX preceding the time of the Option grant, rounded up to the nearest whole cent.

Options will vest and become exercisable at such time or times as may be determined by the Board on the date of the Option grant.

Unless the Board determines otherwise and subject to any accelerated termination in accordance with the Option Plan, each Option will expire on the fifth anniversary of the date on which it was granted. In no event may an Option expire later than the tenth anniversary of the date on which it was granted. If the date on which an Option is scheduled to expire occurs during, or within ten business days after the last day of, a Black Out Period applicable to the Optionee, then the date on which the Option will expire will be extended to the last day of such ten business day period.

Options are non-assignable and non-transferable, with the exception of an assignment by testate succession or by the laws of descent and distribution upon the death of an Optionee.

If an Optionee ceases to be an Eligible Person (other than by reason of death, permanent disability or termination for cause), the Optionee may exercise any vested Options for a period of 30 days after the Optionee ceases to provide services to the Corporation or any of its subsidiaries, subject to the earlier expiry of the Options. If an Optionee ceases to be an Eligible Person by reason of death, the Optionee's heir may exercise any vested Options for one-year following the date of the Optionee's death, subject to the earlier expiry of the Options. If an Optionee ceases to be an Eligible Person while on permanent disability, the Optionee or his legal representatives may exercise any vested Options until the expiry of the Options. If an Optionee is dismissed for cause, any Options (whether vested or unvested) held by such Optionee shall terminate immediately upon receipt by the Optionee of notice of such dismissal.

If a "Change of Control" (as defined below) occurs, the Board may, in its discretion, (a) amend, abridge or otherwise eliminate any vesting schedule so that notwithstanding the other terms of any outstanding Option or the Option Plan, any outstanding Option may be exercised in whole or in part by the Optionee and/or (b) determine that all holders of outstanding Options with an exercise price equal to or greater than the price per Common Share provided for in the transaction giving rise to such Change of Control shall be entitled to receive and shall accept, immediately prior to or concurrently with the transaction giving rise to such Change of Control, in consideration for the surrender of such Options, the value of such Options determined in accordance with the Black and Scholes Option Pricing Model, as determined by the Board.

The Board may from time to time, subject to applicable law and any required approval of the TSX, any other regulatory authority, or the Shareholders, suspend, terminate or discontinue the Option Plan at any time, or amend or revise the terms of the Option Plan or of any Option granted thereunder; provided that no such amendment, revision, suspension, termination or discontinuance can adversely affect the rights of an Optionee under any previously granted Option except with the consent of that Optionee.

Shareholder approval shall not be required for the following amendments, subject to any regulatory approvals, including, where required, the approval of the TSX:

1. amendments to the Option Plan to ensure continuing compliance with applicable laws, regulations, requirements, rules or policies of any governmental or regulatory authority or any stock exchange;
2. amendments of a "housekeeping", clerical, technical or stylistic nature, which include amendments relating to the administration of the Option Plan or to eliminate any ambiguity or correct or supplement any provision herein which may be incorrect or incompatible with any other provision hereof;
3. changing the terms and conditions governing any Option(s) granted under the Option Plan, including the vesting terms, the exercise and payment method, the Exercise Price and the effect of the Optionee's death or permanent disability, the termination of the Optionee's employment, term of office or consulting engagement or the Optionee ceasing to be an Eligible Person;
4. determining that any of the provisions of the Option Plan concerning the effect of the Optionee's death or permanent disability, the termination of the Optionee's employment, term of office or consulting engagement or the Optionee ceasing to be an Eligible Person shall not apply for any reason acceptable to the Board;
5. amendments to the definition of Eligible Person;
6. changing the termination provisions of the Plan or any Option which, in the case of an Option, does not entail an extension beyond an Option's originally scheduled expiry date;
7. changing the terms and conditions of any financial assistance which may be provided by the Corporation to Optionees to facilitate the purchase of Common Shares under the Option Plan, or adding or removing any provisions providing for such financial assistance;
8. amendments to the cashless exercise feature set out in Section 2.8 of the Option Plan;

9. the addition of or amendments to any provisions necessary for Options to qualify for favourable tax treatment to Optionees or the Corporation under applicable tax laws or otherwise address changes in applicable tax laws;
10. amendments relating to the administration of the Option Plan; and
11. any other amendment, whether fundamental or otherwise, not requiring Shareholder approval under applicable law or the rules or policies of any stock exchange upon which the Common Shares trade from time to time.

Notwithstanding anything contained in the Option Plan to the contrary, no amendment requiring the approval of the Shareholders under applicable law or the rules or policies of any stock exchange upon which the Common Shares trade from time to time shall become effective until such approval is obtained. In addition to the foregoing, approval by the Shareholders by ordinary resolution shall be required for:

1. any amendment to the provisions of Section 3.9 of the Option Plan that is not an amendment within the nature of Sections 3.9(a)(i) and 3.9(a)(ii) of the Option Plan;
2. any increase in the maximum number of Common Shares that can be issued under the Option Plan, except in connection with an adjustment made in accordance with the Adjustment Provisions;
3. any reduction in the Exercise Price of an Option granted under the Option Plan (including the cancellation and re-grant of an Option, constituting a reduction of the Exercise Price of an Option), except in connection with an adjustment made in accordance with the Adjustment Provisions;
4. any amendment to extend the expiry of an Option beyond its original Expiry Date;
5. any amendment to Section 3.1(e) or Section 3.1(f) of the Option Plan to increase participation by Insiders; and
6. any amendment to the provisions of the Option Plan that would permit Options to be transferred or assigned other than for normal estate settlement purposes, provided further that, in the case of any amendment or variance referred to (I) in clause (v) of Section 3.9(b) of the Option Plan, Insiders are not eligible to vote their Common Shares in respect of the required approval of the Shareholders, and (II) in clauses (iii), (iv) or (vi) of Section 3.9(b) of the Option Plan, Insiders who shall benefit from such amendment or variance are not eligible to vote their Common Shares in respect of the required approval of the Shareholders.

For the purposes of the Option Plan, "**Change of Control**" means the occurrence of any of the following events:

1. any one person holds a sufficient number of voting shares of the Corporation or resulting company to affect materially the control of the Corporation or resulting company;
2. any combination of persons, acting in concert by virtue of an agreement, arrangement, commitment or understanding, hold in total a sufficient number of voting shares of the Corporation or its successor to affect materially the control of the Corporation or its successor; or
3. the Board adopts a resolution to the effect that the circumstances in clause (1) or (2) of this definition have occurred or are imminent,

where such person or combination of persons referred to in clause (1) or (2) of this definition did not previously hold a sufficient number of voting shares to affect materially control of the Corporation or its successor. In the absence of evidence to the contrary, any person or combination of persons acting in concert by virtue of an agreement, arrangement, commitment or understanding holding more than 20% of the voting shares of the Corporation or its successor is deemed to materially affect control of the Corporation or its successor.

RSU Plan

The Board adopted the RSU Plan on May 11, 2018 and was ratified and approved by the Shareholders on June 21, 2018.

Similar to the Option Plan, the RSU Plan must also be reconfirmed every three years by Corporation's Shareholders at a meeting of Shareholders in accordance with the requirements of the TSX and if the RSU Plan is not reconfirmed, no further grants of RSUs may be made under the RSU Plan. The summary of the RSU Plan set out below is intended to be a brief description and is subject to and qualified in its entirety by the full text of the RSU Plan. Capitalized terms used in the following section "Summary of the RSU Plan" but not otherwise defined in this Circular have the meanings given to them in the RSU Plan. In this section, capitalized terms not otherwise defined in this Circular have the meanings given to them in the RSU Plan.

Summary of the RSU Plan

The purpose of the RSU Plan is to promote further alignment of interests between Designated Participants and the Shareholders of the Corporation, to provide a compensation system for Designated Participants that is reflective of the responsibility, commitment and risk accompanying their role over the medium term and to allow Designated Participants to participate in the success of the Corporation over the medium term.

Pursuant to the RSU Plan, the Board may grant RSUs to Designated Participants who are directors, officers, employees or consultants of the Corporation or an affiliate of the Corporation, other than directors of the Corporation who are not also employees of the Corporation, in consideration of such persons providing their services to the Corporation or an affiliate of the Corporation. When cash dividends are paid on the Common Shares, additional RSUs of equivalent value are credited to the Designated Participant's RSU account. RSUs can be redeemed for either cash or Common Shares, or a combination of both, at the discretion of the Board, at the end of each Performance Period upon achievement by the Designated Participant of certain Target Milestones established by the Board at the time of the original RSU grant, which may include vesting based on length of service. Holders of RSUs are not entitled to any rights of a Shareholder of the Corporation with respect to the Common Shares underlying any such RSUs.

The RSU Plan authorizes the Board to grant RSUs to Designated Participants on the following terms:

- (1) The aggregate number of Common Shares that may be issued upon the redemption of RSUs granted under the RSU Plan shall not at any time, when taken together with any Common Shares issuable under any other security based compensation arrangement of the Corporation either then in effect or proposed, including the Option Plan, exceed 10% of the issued and outstanding Common Shares of the Corporation from time to time on a non-diluted basis. If any RSU is cancelled for any reason without having been redeemed in full, the Common Shares reserved for issuance in respect of such RSUs will become available again for the purposes of the RSU Plan.
- (2) The maximum number of Common Shares issuable to Insiders of the Corporation, at any time, under all security based compensation arrangements of the Corporation, shall not exceed 10% of the issued and outstanding Common Shares and the maximum number of Common Shares issued to Insiders of the Corporation, within any 12 month period, under all security based compensation arrangements of the Corporation, shall not exceed 10% of issued and outstanding Common Shares, both on a non-diluted basis.
- (3) RSUs credited to the Designated Participant's account from time to time vest based upon the Designated Participant's performance toward the Target Milestones as specified by the Board at the time of grant. If a Designated Participant dies, or if a Designated Participant who is an employee or

officer retires, suffers a disability preventing him from carrying out his employment, or is terminated without cause during a Performance Period, and the Designated Participant's Target Milestones have not been met, the Board, in its sole discretion and taking into consideration the Designated Participant's proportional achievement toward Target Milestones, may determine that a portion of such RSUs will immediately become vested.

- (4) Notwithstanding paragraph 3, RSUs will vest in accordance with the terms and conditions of any applicable employment or consulting agreement between the Corporation or an affiliate of the Corporation and a Designated Participant. If the Board determines it is necessary or desirable in order to comply with applicable laws of a foreign jurisdiction or to avoid adverse tax consequences in a foreign jurisdiction, the Board may set forth in the applicable RSU Acknowledgement such terms as it deems appropriate, which will govern such awards notwithstanding any other provisions of the RSU Plan
- (5) If a Designated Participant who is an employee or officer is terminated for cause or resigns prior to the end of a Performance Period in respect of any RSUs granted, or is a consultant and the consulting contract with the Corporation or an affiliate of the Corporation is terminated by such consultant or the Corporation or such affiliate of the Corporation, the Designated Participant is not entitled to any cash payment or treasury Common Shares on account of RSUs relating to such Performance Period in which such Designated Participant's employment terminates, and all outstanding RSUs shall be cancelled.
- (6) In the event of a Change in Control of the Corporation, as defined in the RSU Plan, subject to TSX or any other required regulatory approvals, then, notwithstanding the achievement or non-achievement of the Target Milestones set forth in a RSU Acknowledgement, all of the RSUs held by such Designated Participant shall be deemed hereunder to have been vested upon the Change in Control.
- (7) With respect to the grant of RSUs under the RSU Plan:
 - a. unless the Board specifies a shorter period, the Performance Period applicable to a grant of RSUs commences on the January 1 coincident with or immediately preceding the grant and ends on November 30 of the third year following the calendar year in which such RSUs were granted;
 - b. RSUs (including dividend equivalent RSUs) credited to the Designated Participant's account from time to time are denominated in Common Shares of the Corporation. Whenever cash dividends are paid on the Common Shares of the Corporation, additional RSUs will be credited to RSU accounts of Designated Participant's holding RSUs. The number of such dividend equivalent RSUs will be calculated by dividing the amount of cash dividends that would have been payable if such RSUs had been Common Shares as at the record date for the dividend by the market value on the trading day immediately preceding the date on which the Common Shares began trading on an ex-dividend basis, rounded down to the next whole number of RSUs. No fractional RSUs will be issued; and
 - c. vested RSUs credited to the Designated Participant's account shall be redeemed on the last day of the Performance Period of such RSUs (or such earlier date in the case of vested RSUs that are redeemable immediately upon the achievement of Target Milestones). In addition, if a Designated Participant dies or if a Designated Participant who is an employee or officer retires, suffers a disability preventing him from carrying out his employment, or is terminated without cause during a Performance Period, and the Designated Participant's Target Milestones have not been met, RSUs that have vested in accordance with paragraph 3 above credited to the Designated Participant's account are redeemable as soon as practicable following the closing date. The RSUs are redeemable in cash equal to the market value of vested RSUs (being the closing trading price of the Common Shares on the TSX immediately preceding the relevant date), in treasury Common Shares equal to the number of vested RSUs or in any combination of cash or treasury Common Shares, at the sole discretion of the Board.

- (8) Subject to the restrictions noted in paragraph 10, below, and to regulatory and TSX approval, where required, the Board may amend the terms of the RSU Plan or any RSUs without Shareholder approval, including in the following circumstances, provided that no such amendment or revision may materially decrease the rights or benefits accruing or materially increase the obligations of a Designated Participant without the consent of such Designated Participant:
- a. amendments of a “housekeeping” nature including, but not limited to, of a clerical, grammatical or typographical nature;
 - b. to correct any defect, supply any information or reconcile any inconsistency in the RSU Plan in such a manner and to such extent as shall be deemed necessary or advisable to carry out the purposes of the RSU Plan;
 - c. in the case of any granted RSUs, amend, including the acceleration of, the vesting provisions, the Target Milestones, the Performance Period;
 - d. in the case of any granted RSUs, substitute another award for the same or different type or make such adjustments contemplated under the RSU Plan; and
 - e. amendments to reflect any changes in requirements of any regulatory authority or stock exchange to which the Corporation is subject.
- (9) Subject to regulatory and TSX approval, where required, the Board may, from time to time, suspend or terminate the RSU Plan in whole or in part.
- (10) Shareholder approval is required to amend the RSU Plan to:
- a. increase the number of Common Shares reserved for issuance under the RSU Plan;
 - b. to remove or exceed the limits set out in paragraph 2 above;
 - c. to amend the amendment or assignment provisions of the RSU Plan;
 - d. to allow grants of RSUs to non-employee directors; or
 - e. amend RSUs granted under the RSU Plan to extend the Performance Period beyond the original expiration date for the benefit of Insiders of the Corporation, except in circumstances where the Corporation has imposed a trading black-out, as described in paragraph 13.
- (11) The RSUs are not transferable or assignable other than by will or pursuant to the laws of succession, except that the Designated Participant may, subject to Board approval, assign RSUs granted under the RSU Plan to a trustee, custodian or administrator acting on behalf of or for the benefit of the Designated Participant, a personal holding corporation, partnership, trust or other entity controlled by the Designated Participant or a registered retirement income fund or registered retirement savings plan of the Designated Participant.
- (12) If a Performance Period ends during a trading black-out period imposed by the Corporation to restrict trades in the Corporation’s securities, then, notwithstanding any other provision of the RSU Plan, the Performance Period shall end 10 business days after the trading black-out period is lifted by the Corporation.
- (13) No financial assistance is available to Designated Participants under the RSU Plan.
- (14) The Board has delegated to the Compensation Committee of the Corporation such administrative duties and powers required to administer the RSU Plan.

Securities Available for Grant Under the Option Plan and RSU Plan

The Plans are “rolling” such that the number of securities granted under the Plans can be up to a maximum of 10% of the issued capital of the Corporation at the time of the grant on a non-diluted basis, and such aggregate number of Common Shares shall increase or decrease as the number of issued and outstanding Common Shares changes. As of the date hereof, the Corporation may grant a maximum

number of convertible securities up to 10,197,075 Common Shares, representing 10% of Common Shares outstanding. As of the date hereof, the Corporation has awarded 8,230,000 Options representing approximately 8.07% of the Common Shares outstanding. No RSUs have been granted as of the date hereof. The Corporation currently has a further 1,967,076 remaining convertible securities available for grant representing approximately 1.93% of the Common Shares outstanding.

Annual Burn Rate

The following table sets forth the annual “burn rate” of the Option Plan since first adopted on June 1, 2017 for each of the three most recently completed fiscal years, calculated using the TSX’s prescribed methodology pursuant to Section 613(d) of the TSX Company Manual:

Annual Burn Rate⁽¹⁾	2018	2017⁽²⁾	2016
Option Plan	4.76%	8.55%	N/A

(1) The burn rate is the number of awards granted in a fiscal year, expressed as a percentage of the weighted average number of common shares outstanding for the applicable fiscal year calculated in accordance with the CPA Canada Handbook.

(2) The Option Plan was adopted on June 1, 2017.

Risk Assessment of the Corporation’s Compensation Policies and Practices

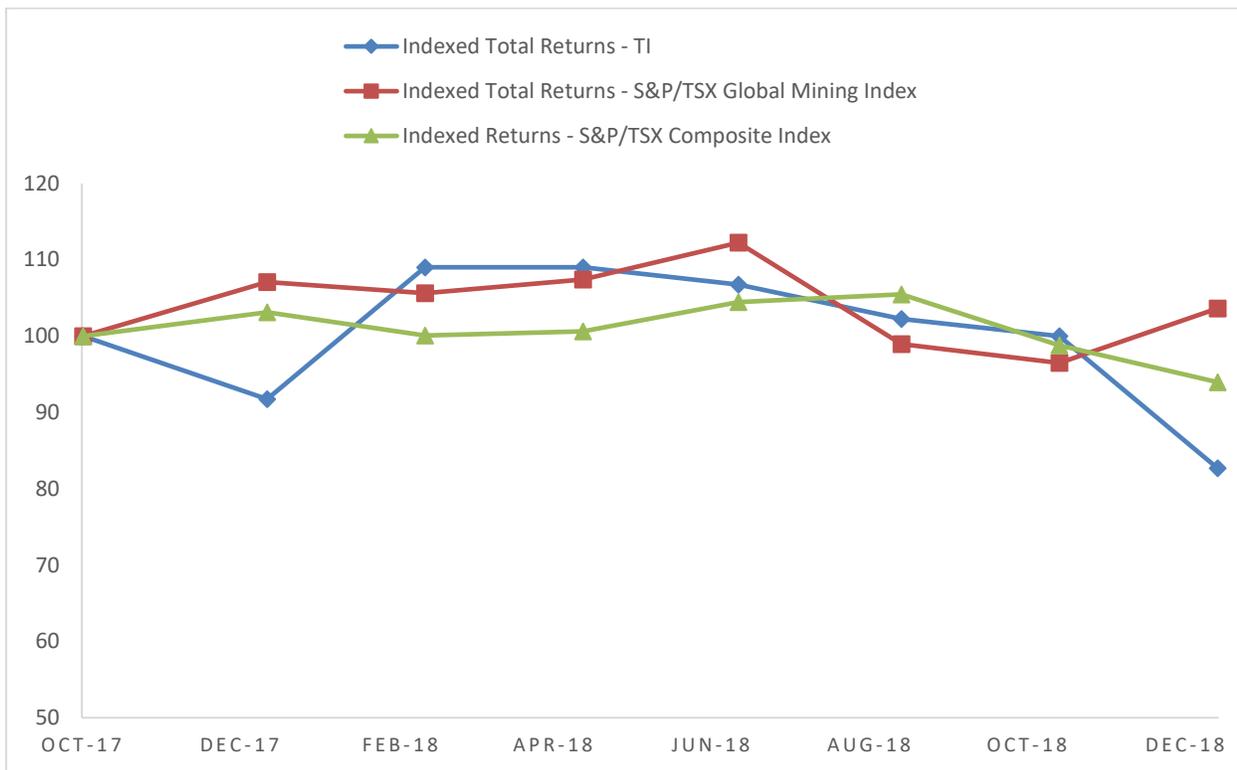

During the financial year ended December 31, 2018, neither the Board nor a committee of the Board considered the implications of the risks associated with the Corporation’s compensation policies and practices. However, the Corporation believes its compensation policies alleviate risk by having a balance of short term and long-term compensation. The Compensation Committee will also evaluate the risks and make adjustments to the Corporation’s compensation policies as necessary.

Compensation Governance

Compensation for the Corporation’s directors and officers is determined based on the recommendations of the Compensation Committee. The Compensation Committee is entitled to consult with external experts on the adequacy of the compensation paid to the Corporation’s directors. During fiscal 2018, the Compensation Committee was comprised of Purni Parikh (Chair), Lenard Boggio and Gregory Clark. On October 6, 2018 the Compensation Committee was reconstituted with the following as its members, William Mulrow (Chair), Lenard Boggio and George Pataki all of whom are independent directors in accordance with corporate governance rules of NI 58-101 and the policies of the TSX. The objective of the Committee is to assist in attracting, retaining and motivating executives and key personnel in view of the Corporation’s goals and setting director and executive officer compensation and to develop and submit to the Board recommendations with respect to such other employee benefits as considered advisable, pursuant to the following principles: (a) to offer competitive compensation to attract, retain and motivate qualified executives in order for the Corporation to achieve the strategic plan and budget approved by the Board from time to time; and (b) to act in the best interests of the Corporation by being financially responsible.

Performance Graph

The Corporation’s Shares commenced trading in the TSX on October 19, 2017. The following graph compares the annual percentage change in the Corporation’s cumulative total shareholder return based on the assumption that C\$100 was invested in the Corporation’s Common Shares on October 19, 2017 against the cumulative total shareholder return of the S&P/TSX Composite Index and the TSX Global Mining Index for the two most recently completed financial years of the Corporation ended December 31, 2018.

As discussed in the Compensation Discussion and Analysis, compensation for the Corporation's NEO's is comprised of various elements including a base salary and bonus that may not necessarily correlate directly to the market price of the Corporation's shares. In addition, the market price of a publicly traded stock, especially a junior resource issuer as is the case for the Corporation, may be affected by many variables that may not be directly related to NEO performance including the market for junior resource stocks, the strength of the economy generally, commodity prices, the availability and attractiveness of alternative investments, and the breadth of the public market for the stock.

The trend in overall compensation paid to the Corporation's executives over the period has not specifically tracked the performance of the market price of the Corporation's common shares, or the S&P/TSX Composite Index.

Compensation Consultants and Advisors

No compensation consultants or advisors were retained by the Corporation since inception of the Corporation.

(1) For the year ended December 31, 2018, the fair value of the option-based awards were calculated using the Black Scholes model using the following weighted average assumptions: expected life of 5 years (2017- 5 years and 2016 – N/A); annualized volatility of 72% (2017 – 72% and 2016 – N/A) ; a risk-free interest rate of 2.20% (2017 – 0.95% and 2016 – N/A); no dividend payments (2017 – no dividend payments and 2016 – N/A). For the purposes of this table the Canadian dollar value of the option award is converted into US dollars as follows: for 2018 the US\$/C\$ exchange rate at the date of the grants for Mr. McClelland was \$1.2445, Mr. Taylor \$1.3135 and Mr. Strom \$1.2668. For 2017 the US\$/C\$ exchange rate at the date of the grant was \$ 1.3501. There were no options granted in 2016.

(2) Mr. Warke was appointed Executive Chairman of the Corporation on June 1, 2017.

(3) Mr. McClelland was appointed CFO of the Corporation on March 26, 2018.

(4) Mr. Taylor was appointed CEO of the Corporation on September 17, 2018.

(5) Mr. Boyle ceased to be COO of the Corporation on September 8, 2018. In addition to the amount disclosed under ‘All other compensation’ the Company entered into a Settlement Agreement with Mr. Boyle providing for severance payments pursuant to which the Corporation has paid \$150,000 as at the Record Date.

(6) Mr. Annett was appointed Senior Vice President, Corporate Development of the Corporation on June 1, 2017.

(7) Mr. Strom was appointed Vice President, Projects and Innovation on March 5, 2018.

(8) With the exception of Donald Taylor whose salary is paid in US dollars by the Corporation or its subsidiary, salaries are paid through a management services company equally owned by the Corporation and other companies related by virtue of certain common directors and officers. The salaries reflect the amount charged to the Corporation and are paid in Canadian dollars. For purposes of this table these salaries were converted into US dollars at the average exchange rate for the period over which they were earned as follows: 2018 - \$1.2957 (2017 - \$1.2881 and 2016 – N/A)

(9) There is no data for 2016 as the Corporation had no assets or employees prior to its Initial Public Offering on October 19, 2017.

The value for stock option awards disclosed in footnote (1) was calculated using the Black-Scholes option pricing model based on the assumptions indicated in the footnote. These assumptions are highly subjective and can materially affect the calculated fair value. Further, calculating the value of stock options using this methodology is not the same as the simple “in-the-money” value of the options, which on the date of grant would be \$nil. Accordingly, caution should be exercised in comparing grant date fair values, as calculated using the Black-Scholes model, to cash values or an in-the-money calculation.

NEO Employment Agreements

The Corporation has entered into an employment or letter agreement with each NEO for an indefinite

term. Each NEO agreement provides for a base salary (as may be adjusted annually), a bonus, grant of Options and/or RSUs, vacation time and various standard benefits including life, disability, medical, dental and reimbursement of reasonable expenses. Where applicable, the payment of a bonus is tied to corporate, operational and individual performance and the grant of Options and/or RSUs are at the discretion of the Board. Bonus is paid at the discretion of the Compensation Committee and the Board. Refer to the Summary Compensation Table above for compensation paid to, earned by or accrued for each NEO for fiscal year ended December 31, 2018.

Director Compensation

During fiscal 2018 Board fees for the Corporation's non-executive directors were structured as provided for in the table below.

	(C\$)
Annual base compensation per Board member	35,000/annum
Board meeting attendance (per meeting basis)	Nil
Audit Committee Chair	9,000/annum
Compensation Committee Chair	6,000/annum
Nominating and Corporate Governance Committee Chair	3,600/annum
Committee Member Compensation	Nil

All reasonable expenses incurred by a director in attending Board meetings, committee meetings or shareholder meetings, together with all expenses properly and reasonably incurred by any director in the conduct of the Corporation's business or in the discharge of his or her duties as a director are paid by the Corporation.

Compensation levels are typically impacted by the demand and supply of talent. In the case of board directors there continues to be a shortage of leadership talent caused by both supply and demand. This shortage is driving up the price of leadership talent and companies face difficult pay decisions to attract and retain experienced leaders. As a result, there is a need to provide fair and competitive pay levels in a highly priced marketplace.

On the demand side in the past, following Sarbanes Oxley, many companies have been diversifying the talent requirements at the board level. In particular they have been seeking expertise in finance, auditing, capital markets, governance and compensation. Such talent is not always readily available especially as directors are limiting the number of boards upon which they serve. Continuing changes to the regulatory environment and governance practices in Canada places additional responsibilities and demands on Board members. Boards have a need to diversify their knowledge and expertise, particularly in risk management. This need for experienced talent at the Board level combined with the continuing emphasis being placed on good corporate governance in North America has resulted in a compensation structure for directors to reward them for contributing to the success of the Corporation while recognizing the value of their time and effort.

The following table sets forth all amounts of compensation paid to or earned by the non-executive directors of the Corporation for the year ended December 31, 2018.

For the purposes of this table the Canadian dollar value of the option award is converted into US dollars. The US\$/C\$ exchange rate at the date of the grant was \$1.2965 for Messrs. Boehner, Mulrow and Gowans; \$1.3135 for Mr. Wares.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

National Instrument 58-101 – *Disclosure of Corporate Governance Practices*, requires all companies to provide certain annual disclosure of their corporate governance practices with respect to the corporate governance guidelines (the “**Guidelines**”) adopted in National Policy 58-201 – *Corporate Governance Guidelines* (“**NP 58-201**”). These Guidelines are not prescriptive, but have been used by the Corporation in adopting its corporate governance practices. The Corporation’s approach to corporate governance is set out below.

Board of Directors

Management is nominating ten (10) individuals to the Corporation’s Board all of whom are current directors of the Corporation.

The Guidelines suggest that the board of directors of every listed company should be constituted with a majority of individuals who qualify as “independent” directors under NI 52-110, which provides that a director is independent if he or she has no direct or indirect “material relationship” with the Corporation. Of the proposed nominees, Richard W. Warke, Executive Chairman of the Board, Donald Taylor, CEO and Purni Parikh, President of the Corporation are considered to be “non-independent” within the meaning of NI 52-110. The other proposed nominees John Boehner, Lenard Boggio, Gregory Clark, James Gowans, William Mulrow, George Pataki and Robert Wares, are considered by the Board to be “independent” within the meaning of NI 52-110. To ensure the Board functions independently of management a Lead Director (Mr. Lenard Boggio) was appointed during fiscal 2018.

At the date of this Circular, some of the Corporation’s directors were directors of other reporting issuers as follows:

Lenard Boggio	Sprott Resources Holding Inc., Pure Gold Mining and Equinox Gold Corp.
James Gowans	Cameco Corporation, UEX Corporation and New Gold Inc.
William Mulrow	Consolidated Edison, Inc. and JBG Smith Properties
Purni Parikh	Armor Minerals Inc.
Donald Taylor	Tethyan Resources plc.
Robert Wares	Osisko Metals Inc., Osisko Mining Inc., Komet Resources Inc. and Beaufield Resources Inc.
Richard W. Warke	Armor Minerals Inc. and Tethyan Resources plc

The Board will hold regularly scheduled meetings at least four times per year. The independent directors of the Corporation may hold scheduled meetings at which non-independent directors and members of management are not in attendance. During the calendar year ended December 31, 2018 the Audit Committee held three meetings, the Compensation Committee held one meeting and the Nominating and Corporate Governance Committee held one meeting. Also, as required from time to time, the Board may constitute a Special Committee for a specific purpose.

During the calendar year ended December 31, 2018 the Board held three meetings, which were attended as follows:

John Boehner ⁽¹⁾	attended 0 ⁽³⁾ of the 1 Board meeting held since his appointment.

Term Limits

The directors of the Corporation are elected annually and hold office until the next annual meeting of Shareholders or until their successors are elected or appointed. No term limits have been adopted for directors so far. However, the Corporation may consider adopting term limits for directors in the future.

Board Mandate

The Board has a formal written mandate which defines its stewardship responsibilities. A copy of the Board of directors Mandate is attached hereto as Schedule “A”.

Position Descriptions

The Board has not developed formal written position descriptions for the Chairman of the Board, or for the Chairmen of the Audit, Compensation, or Nominating and Corporate Governance Committees. However, each committee has a charter governing its function. The majority of the Board members are also directors of other reporting issuers and are therefore knowledgeable and experienced in their capacity as such and the role designated for them. Informal discussions occur at the Board level with respect to their responsibilities.

Orientation and Continuing Education

The Nominating and Corporate Governance Committee is responsible for ensuring that new directors are provided with an orientation including written information about the duties and obligations of directors, the business and operations of the Corporation, documents from recent Board meetings as applicable, and opportunities for meetings and discussion with senior management and other directors. Directors are expected to attend all scheduled Board and committee meetings as applicable either by telephone conference or in person when possible.

The Board recognizes the importance of ongoing director education and the need for each director to take personal responsibility for the process. To facilitate ongoing education of the Corporation’s directors the Corporation supports training or education in areas relating to their role as a director of the Corporation; the Corporation arranges visitation by directors to the Corporation’s facilities and operations; and encourages presentations by outside experts to the Board or committees on matters of particular importance or emerging significance.

Ethical Business Conduct

The Board has adopted a Code of Business Conduct and Ethics (the “**Code**”) for its directors, officers and employees. The Corporation’s reporting contacts for the purposes of the Code, the Chairman of the Audit Committee and the Ethics Officer of the Corporation, have the responsibility for monitoring compliance with the Code by ensuring all directors, officers and employees receive and become thoroughly familiar with the Code and acknowledge their support and understanding of the Code. Any non-compliance with the Code is to be reported to either the Chairman of the Audit Committee or the Ethics Officer, or other designated persons. The CFO has been designated the Ethics Officer of the Corporation. A copy of the Code may be accessed on the Corporation’s website at www.titanminingcorp.com or on SEDAR at www.sedar.com.

The Board ensures that directors, officers and employees are familiar with the Code to ensure that they exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest. To encourage and promote a culture of ethical business conduct, the Board has adopted a Disclosure and Share Trading Policy and a Whistleblower Policy. Both of these policies are available on the Corporation's website at www.titanminingcorp.com. In addition, the Board requests from management periodic reports relating to any fraud or unethical behavior.

Nominating Directors

The process by which the Board anticipates that it will identify new candidates is by keeping itself informed of potential candidates in the industry. Any Board member may suggest a director nominee. The Nominating and Corporate Governance Committee must formally review and consider the background, expertise, qualifications and skill sets, to the needs of the Corporation and recommend the appointment of the potential candidate to the Board as a whole.

During fiscal 2018 all members of the Nominating and Corporate Governance Committee were independent directors in accordance with Corporate Governance Disclosure Rules. The Nominating and Corporate Governance Committee has been established by the Board to (a) identify individuals qualified to become Board members; (b) to assess and report on the effectiveness of the Board and any committees thereof; and (c) develop and recommend to the Board a set of corporate governance policies and principles applicable to the Corporation in light of the corporate governance guidelines published by regulatory bodies having jurisdiction.

Compensation

Compensation for the Corporation's directors and officers is determined based on the recommendations of the Compensation Committee. The Compensation Committee is entitled to consult with external experts on the adequacy of the compensation paid to the Corporation's directors. During fiscal 2018, the Compensation Committee was comprised of a majority of independent directors in accordance with corporate governance rules of NI 58-101 and the policies of the TSX. The Compensation Committee has been established by the Board to review and recommend compensation policies and programs to the Corporation as well as salary and benefit levels for its executives. The objective of the Committee is to assist in attracting, retaining and motivating executives and key personnel in view of the Corporation's goals.

Other Board Committees

During fiscal 2018, the Board had the following standing committees comprised of independent directors: the Audit Committee; the Compensation Committee; and the Nominating and Corporate Governance Committee. The Board may appoint an Environment, Health and Safety Committee and an Executive Committee when appropriate. All of the committees are independent of management and report directly to the Board. The purpose of the Audit Committee is to assist the Board's oversight of the integrity of the Corporation's financial statements; the Corporation's compliance with legal and regulatory requirements; the qualifications and independence of the Corporation's independent auditors; and the performance of the independent auditors. Further information regarding the Audit Committee is contained in the Corporation's annual information form (the "AIF") dated March 21, 2019 under the heading "Audit Committee Information" and a copy of the Audit Committee charter is attached to the AIF as Schedule A. The AIF is available under the Corporation's profile at www.sedar.com. The purpose of the Nominating and Corporate Governance Committee and the Compensation Committee has been described above under "Nominating Directors" and "Compensation" respectively.

Assessment

The Board currently does not have a formal process in place to assess its committees and individual directors with respect to their effectiveness and contribution. This matter has been discussed among the Board members and it was felt that the current size and constitution of the Board allows for informal discussions regarding the contribution of each director. In addition, each individual director is significantly qualified through their current or previous positions to fulfil their duties as a Board member. A formal process for evaluating the Board, its committees and individual directors may be implemented in the near future.

MANAGEMENT CONTRACTS

Pursuant to a management services agreement with 688284 B.C. Ltd. (the “**Management Company**”) and certain other reporting issuers, the Management Company provides the Corporation and the other reporting issuers with office space, facilities, equipment and services, including personnel, with respect to the administrative and corporate affairs of the Corporation. The Corporation reimburses the Management Company’s cost for the Corporation’s pro rata share of estimated expenses on a full cost recovery basis for the services provided. Wage and benefit costs of personnel (including any termination of employment costs) are charged to the Corporation based on the time spent by employees of the Management Company providing the services. The charges are reviewed and adjusted from time to time to reflect actual expenses paid.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

During the Corporation’s past fiscal year, no director, executive officer or senior officer of the Corporation, proposed management nominee for election as a director of the Corporation or associate or affiliate of any such director, executive or senior officer or proposed nominee is or has been indebted to the Corporation or any of its subsidiaries or is or has been indebted to another entity where such indebtedness is or has been the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Corporation or any of its subsidiaries, other than routine indebtedness.
