Job Position: Chief Mine Engineer

Employer: Empire State Mines, a Titan Mining Corporation Company

Posted Date: June 2023

Empire State Mines is currently seeking a professional to fill the role of **Chief Mine Engineer** at its underground Zinc operation. This position is based at the Empire State Mine site located approximately 10 miles from the town of Gouverneur, New York. Located within 2-hour drive of The Thousand Islands, Lake Ontario shoreline, the Adirondack Mountains and world class skiing at Lake Placid. Explore Canada with Montreal and Ottawa only 2-3 hours away.

Responsibilities:

- Providing and coordinating effective Strategic and Long Term (LOM) mine plans and schedules to keep operations on budget targets and within the long-range plan for Empire State Mines;
- Lead annual life of mine business planning activities including all aspects of mine design, scheduling and costing for underground and surface operations;
- Spearhead Deswik changeover from Promine and Vulcan, training engineering staff in Deswik as required;
- Analyzing, reports and making recommendations on mine operating performance, ways to improve performance, promoting operating/capital costs reductions, reducing waste and operational delays;
- Ensure all reporting is accurately submitted in a timely manner and complies with all state and federal regulations;
- Facilitate mining studies and technical reports as required for sustaining and capital projects;
- Coordinate all production and engineering activities which will include backfill, ventilation, utilities (air, water, power), QA/QC, ground support engineering;
- Work collaboratively with mine operations and geology department and assist other functional areas to achieve their objectives, and to ensure safe and efficient mine operations;

Qualifications:

- BS/BE degree in Mining Engineering
- 7-10 years of post-graduate experience in underground mine engineering; preferably in hard rock mining;
- Experience with 3D modeling and mine planning software, specifically Deswik;
- Theoretical and practical experience in ventilation and ground control is essential;
- Skill in written and verbal communication (English), critical thinking, data analysis;
- Ability to work in the US

EMPIRE STATE MINES offers:

Competitive Salary
401K Retirement Plan

Medical, Vision, Dental, and Life Insurances

Paid Vacation, Holidays, and Time Off
