Job Position: Mill Manager

Location: Gouverneur, NY

Employer: Empire State Mines, a Titan Mining Corporation Company

Posted Date: 2024 OCT

**Empire State Mines** is currently seeking a professional to fill the role of **Mill Manager** at its underground Zinc operation. Located within 2-hour drive of The Thousand Islands, Lake Ontario shoreline, the Adirondack Mountains and world class skiing at Lake Placid. Explore Canada with Montreal and Ottawa only 2-3 hours away.

### Responsibilities:

Reporting to the VP of Operations, the Mill Manager:

- Manages the mill supervisor, millwright lead, laboratory technicians and other mill personnel as needed;
- Monitors the process in the mill to maintain or increase production;
- Manages quality assurance/quality control for the assay lab and mill operations;
- Work collaboratively with Mine and Shaft Depts to maximize opportunities and minimize production interruptions in the mine;
- Oversees mill maintenance planning;
- Identify and troubleshoot issues in the production process;
- Provide technical assistance to mill operators, millwrights, and lab technicians;
- Maintains process chemical inventory and ordering;
- Metallurgical accounting and control of material inventories (concentrate storage, ore tanks, ore pad, etc.);
- Provide A/R Dept with access to metallurgical data for their preparation of provisional invoices, assay exchange and negotiation for final invoices;
- Communicate concentrate inventories and production schedules to Shipping Dept daily/weekly to allow for efficient schedule of outbound concentrate haulage;
- Maintain current knowledge of industry practice and technological change;
- Coordinate with Environmental Dept daily regarding discharge water quality, flow, treatment and TSF conditions;
- Budget planning for production operations and capital;
- Compliance with all company policies and procedures including, but not limited to safety, environmental, confidentiality and code of conduct;
- Consistently exercises discretion and judgment in job performance;
- Works without risk or harm to self and others;
- Punctuality and regular attendance required;
- Helps develop other department personnel to perform duties listed above;
- Ensure all employees and contractors are working in a safe manner in line with mine site standard operating procedures and MSHA safety guidelines;
- Other duties, as assigned.

**Qualifications:**

- A bachelor's degree in chemical or mechanical engineering is preferred;
- At least 5 years' experience required;
- Possesses good communication and interpersonal skills;
- General understanding of milling and maintenance operations. Understanding of flotation operation is a plus;
- Working knowledge and skill with P.C. utilizing word processing, spreadsheet, databases, and presentation software;
- Strong verbal, written, analytical and persuasive skills and the ability to interact effectively with all levels of employees and management;
- Ability to work independently with little supervision;
- Demonstrates strong administrative, organizational and technical writing skills;
- Presently authorized to work in the United States on a full-time basis;
- Requires valid driver's license.

**EMPIRE STATE MINES offers:**

Competitive Salary Range between \$125,000-\$150,000 per year contingent on experience and skills  
401K Retirement Plan including additional employer contribution of **5% of gross wages weekly.**

Excellus Medical plan with low employee contribution, **FREE** Vision, Dental, and Life Insurances

Paid Vacation, Holidays, and Sick Time Off
